# Control Technology

**Input**

Data that has  
been entered  
into a computer  
system.

**Output**

Data that comes  
out of a computer  
system e.g. a  
printed document.

**Process**

The bit that happens in the middle e.g. the temperature rising in a greenhouse.

**Sensor**

A device that responds to stimulus such as light, heat, pressure and generates a signal that can be recorded.
