

Name _____

WORKSHEET 16 - COPYRIGHT / LICENCES / DPA / SHAREWARE / FREEWARE

Make sure that you are familiar with all of the information detailed in this booklet. There are a number of tasks for you to carry out, be sure to read the information fully whilst completing the tasks. You could be asked about any of this in the test!

Use the theory notes in the worksheet 16 section of the teach-ict.com site to help you complete this booklet.

TASK 1: SOFTWARE PIRACY

Q1. Explain the meaning of the term 'software piracy'

.....
.....
.....

Q2. Explain why it is wrong to copy or use software which you do not own.

.....
.....
.....

TASK 2: LICENCES

Q1. What do the letters 'EULA' stand for

Q2. Where would you find a EULA?

.....
.....

Q3. When you have purchased a piece of software do you actually own that software?

Yes / No

Q4. Explain your answer

.....
.....
.....

Q5. In the table below, explain the differences between the different types of software licences which you might come across:

Single User Licence	Multi User Licence	Site Licence

TASK 3: PRODUCT ID

Q1. Explain how you could check the product ID of a software application

.....
.....
.....

Q2. What is the product ID of the application that you are currently using?

TASK 4: LEGISLATION

Q3. What is the name of the piece of legislation which makes it illegal to copy other people's work without their permission?

.....

Q4. Briefly explain what actions are illegal under this Act

.....
.....
.....

Q5. Software is not the only thing covered by copyright law. List three different examples of things which would be considered as material which is protected by copyright laws:

1. Books

2.....

3.....

4.....

.....

TASK 5: SHAREWARE

Shareware is software which is distributed free of charge for a limited period of time, for example a month. During this time, you either get a full version of the software to use or you may get one with some features disabled e.g. you can't print or save anything. Once the evaluation period is over, if you want to continue using the software, you have to pay a fee.

Using a search engine, type in the keyword 'shareware' and find what types of shareware are available to download. Give two examples below:

1.....

2.....

TASK 6: FREeware

Freeware is software that is available to either download from the Internet or it may be given away on a disk with a computer magazine.

You are able to use this software for as long as you like for personal use without having to pay anything for it.

The copyright still belongs to the person who wrote the software.

Using a search engine, type in the keyword 'freeware' and find what types of freeware are available to download. Give two examples below:

1.....

2.....

TASK 7: DATA PROTECTION ACT (1998)

Q1. Explain the meaning of the following terms:

Personal Data

.....
.....
.....

Data User

.....
.....
.....
