

# Bits and Bytes – Starter or Plenary Kinaesthetic Activity

## Instructions

1. Print out the six terms on the pages below.
2. Select six students (or let the class select them).
3. Get the students to come to the front of the class.
4. Give each of the six students one of the terms.
5. Ask them to hold up their term so that the class can see it clearly.
6. Ask the rest of the class to put students into the correct order starting with the smallest storage unit going up to the largest.
