

Computer Systems

Jamie wants to buy a new computer system to use at home.

He has found one he likes the look of, but he doesn't really understand all of the technical details.

He has asked you to look at the details and give him a brief description for each item.

- What does it do?
- Is it an input, output, storage device or a processor.
- How suitable is each item is in terms of speed or size.

Write your answers in the table below.

Item	Explanation
Intel Pentium 4 Processor	
1024 Mb RAM Memory	
200 Gb Hard Drive	
DVD rewriter	
19" TFT Flat Panel Monitor	
Keyboard	
Mouse	
HL-2030 Laser Printer	

You may:

- Guide teachers or students to access this resource from the teach-ict.com site
- Print out enough copies to use during the lesson

You may not:

- Adapt or build on this work
- Save this resource to a school network or VLE
- Republish this resource on the internet

A subscription will enable you to access an editable version and save it on your protected network or VLE
