

## Lesson 8

# Project Evaluation

Name:

Class:

Teacher:

1. How have you made use of ICT during this project?

2. Thinking about the software that you have used (this means any software, not just the presentation software), what features did you find straightforward and enjoyable to use?

3. Still thinking about the software that you have used, what things do you think were particularly difficult or caused you problems?

4. What new skills do you feel that you have learned during this project?

5. How could you make use of these new skills in other lessons?

6. Imagine that the software you used wasn't available. How could you have completed many of your tasks without the use of ICT?

7. If you were to do this project again, what do you think you could do better next time?
