

Martian Alphabet

The Martian alphabet consists of 7 symbols.

After many years of study, mathematicians have finally managed to crack the code.

Using the Martian alphabet, decode the following:

- | | | |
|---|--|-------|
| 1 | | CHEAT |
| 2 | | ACHE |
| 3 | | TRACE |
| 4 | | CRATE |
| 5 | | ARCH |

Using the Martian alphabet, write the codes for at least three more words
