

Prioritise Future Technologies

Below is a list of possible technological developments which might happen in the future.

Bionic limbs	Computers which can compose music	Download and store your memories	Holographic TV
Ultrasonic showers	Food replicators	Self driving cars	Robots as friends

With your partner, decide which of the above technological developments will have the most impact on humans.

Prioritise the developments and list them in the table below:

Most important	
Least important	

We thought that _____
would be the most useful because

We thought that _____
would be the least useful because

You may:

- Guide teachers or students to access this resource from the teach-ict.com site
- Print out enough copies to use during the lesson

You may not:

- Adapt or build on this work
- Save this resource to a school network or VLE
- Republish this resource on the internet

A subscription will enable you to access an editable version and save it on your protected network or VLE
